

Private sector development in Conflict and Fragility Affected Environments

*Mapping of Danish growth and employment engagements
in Somalia, Afghanistan, Mali and Zimbabwe.*

MIKKEL KLIM

7 NOVEMBER 2016

Agenda

Brief introduction to the Danish portfolio

Conflict sensitivity of the Danish portfolio

Framework conditions for inclusive private sector development

The Danish Growth & Employment portfolio in the four case countries

Country		Year	DKK (mill.)
Afghanistan	Afghanistan Growth and Employment Programme	2014-2017	370
Mali	Private Sector Programme	2013-2018	300
Zimbabwe	Private Sector Development in Agriculture	2013-2015	170
Somalia	TP 2 – Inclusive Economic Growth	2015-2018	80

Type of interventions

	Value chain development	Access to finance	Skills and business dev services	Infrastructure	Business environment / advocacy
Afghanistan	X	(X)	X	X	(X)
Mali	(X)	X	X	X	(X)
Zimbabwe	X	X			X
Somalia	X	X	X	X	

Private sector target group

The Growth and Employment interventions have a focus on inclusiveness and in all four Danish bilateral programmes main focus is on SMEs and informal sector stakeholders, including small holder farmers.

Local private sector actors offer most opportunities for promoting ***inclusive*** private sector development in a CFAE setting

Danida approach to addressing conflict

There is a scope for strengthening the efforts to articulate and capture stabilisation and conflict reducing effects in the result frameworks of the Danish IPSD programmes in CFAEs.

A more systematic use of conflict analysis during programme preparation can enrich the design and operationalisation of the Danish IPSD programmes.

Framework Conditions

Security

Conducive regulatory environment

Public sector capacity

Informal rules and norms

Access to credit

Skills and capacity

Infrastructure

Green growth and climate change
